

Trash Puppets Workshops

Time: 11.30am

Duration: 1.5 hrs

Location: Redland Performing Arts Centre, Auditorium

Age suitability: primary school aged children

At Trash Puppets, we educate adults and children alike on the concepts of sustainability, with particular focus on waste reduction, through creative puppet workshops where imaginations are expanded and where play is key.

The materials used to make Trash Puppets are 100% recycled and reused. For your child to get the most out of this experience, we encourage parents and children to start their own 'trash puppets bag' of clean recyclables at home for use in the workshop. Please drop your bag(s) of 'trash' at school reception this week, ahead of the workshop.

Here's the kinds of (clean) materials we can accept:

- ✓ Cardboard e.g. small boxes (shoebox or smaller), egg cartons, paper towel rolls.
- ✓ Plastic bottles e.g. coke bottles, milk bottles, shampoo bottles (washed, with lids off).
- ✓ Bottle caps.
- ✓ Plastic tubs e.g. peanut butter, strawberry container, ice cream tub (washed please).
- ✓ Plastic bags e.g. supermarket bags, bubble wrap, bread bags.
- ✓ Paper bags e.g. retail bags, grocery bags.
- ✓ Newspapers and magazines.
- ✓ Picnicware e.g. paper plates, plastic spoons, foam cups.
- ✓ Bits and bobs e.g. buttons, yarn, old fabric, old wrapping paper.

And, the types of materials we **DON'T** want.

- ✗ Toilet rolls.
- ✗ Tins or any sharp metal.
- ✗ Glass.
- ✗ Cartons that we can't see into eg. tetra pack juice boxes, milk cartons, stock cartons etc.
- ✗ Brand new/ unused items specially purchased for this workshop.

Important notes:

1. Please **don't** go out and buy anything! The message of our workshops are about reducing waste!
2. Only collect what you have at home in your recycling bin or in your "TRASH".
3. Make sure **EVERYTHING** you donate is **CLEANED** and **DRY** (please and thank you!)
 - a. In particular, please clean milk bottles with detergent and leave the tops off.
4. We are dedicated to quality control. Your donations are sorted by our team before the workshop to make sure everything is clean and safe.

If you have any questions about the materials we accept, please just ask!

FAQs from parents

Why do I supply the recyclables for this workshop?

Home-sourced recyclables form a core part of our 'recycle and reduce' experience. By collecting materials for the workshop together, your child gains a more holistic understanding of their own impact on the Earth (through what's being thrown away at home) and of their personal part to play in sustainability (through recycling, reducing, and reusing). We suggest starting a collection bag separate to your normal recycling bin. By building your bag of interesting materials together over the week, you can share conversations about waste reduction in your own home, whilst getting the creative juices started.

What happens to the materials I supply?

The items you collect will be sorted by our facilitators ahead of the workshop to ensure everything is clean, safe, and appropriate for use. Everything supplied goes into a communal pile for the whole group to access. This becomes the place to source ones puppet throughout the workshop. Through the 'trash pile', kids get a great tactile experience, plus the joy of 'using what you have' and rummaging for inspiration. The trash pile creates a little joyful chaos and it's often a highlight of our workshops, because we encourage the children to make a mess!

What if my child has allergies?

If your child has severe allergies, we would advise discussing this incursion with your classroom teachers. We often suggest that parents supply their own 'allergy-free' collection of materials, which would be held separate for your child. Unfortunately given the nature of working with repurposed materials, we cannot guarantee that the general collection will be allergy safe. If you are particularly concerned, we would encourage you to attend and participate in the workshop alongside your child.

What kind of puppet can I expect to see from my child after the workshop?

Part of our mission at Trash Puppets is to offer positive creative experiences for people of all ages. Our workshops teach participants the basics of puppetry and offer guidance on construction, mechanisms, and performance. With this foundation, we support participants to bring their own vision to life, in whatever form they have imagined. We aim to have every person leaving with a working puppet. However, since it is an open creative task (and we have very limited time), we can't promise your child's puppet will arrive home looking the way an adult thinks a puppet should look. We strive to find something good in everything that each participant creates, and we encourage parents to do the same.

What else is my child gaining from this activity?

Our workshops:

- encourage creative, reflective, and critical thinking,
- get students solving complex supply and design problems,
- offer opportunities to plan, experiment, take risks, and question,
- impart meaningful puppetry knowledge, puppet-making technique,
- give tangible experience of core sustainability principles,
- build confidence in personal creative expression.
